Sunrise Mixer is a unique foundation paper piecing quilt by Quiltworx and Judy Niemeyer, that allows the student to choose their own segments for the three sections of the quilts: Group A = center, Group B = outer ring and Group C = background. The quilt will be 80" x 80". Group A, the center ring is 62" round. Group B, the ring is 4" wide bringing the size of the quilt up to 70". Group C, the background, will make the quilt 80". The groups can be mixed and matched to create a quilt that is unique to you. Sunrise Mixer is Quiltster compatible.
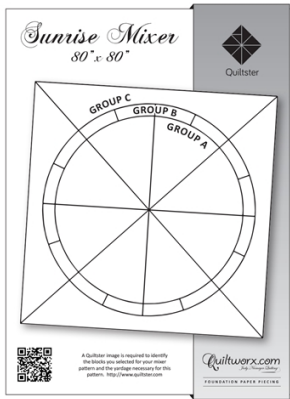

The pattern must be purchased through The Quilted Ewe.

Below are some examples of Sunrise Mixers. More examples are on the Quiltworx website.
